

Series III Historic Events

World War II Headlines

History

The WWII papers were initially collected by a paper boy during the 1940-45. He apparently realized the importance on the war in a historical sense and saved the front pages or front sections each day. After the war he donated them to Euless Public Library. The collection was transferred to the heritage Room between 1982 and 1985.

Provenance

This collection is the property of the Tarrant County College District. However researchers should keep in mind that the content of these publications were created by the Fort Worth Star – Telegram and the Fort Worth Press, and may be subject to copyright restrictions. This collection is available to researchers by appointment. Please contact the [TCCD Archives](#).

Scope and Description

This collection consists of front pages, and some whole first sections, of the Fort Worth Star-Telegram and the Fort Worth Press. Most of the material comes from the Star Telegram. The material in this collection is newsprint in poor to very poor condition and should be handled with special care. This collection can only be access under strictly supervised conditions.
