

INSTRUCTIONAL AGREEMENT
BETWEEN
TARRANT COUNTY COLLEGE DISTRICT
AND
CARROLL INDEPENDENT SCHOOL DISTRICT
DUAL CREDIT PROGRAM
STATE OF TEXAS

This Agreement (herein so called), made and entered into as of June 2, 2025, by and between the **Tarrant County College District**, a Texas political subdivision of higher education, (referred to herein as "COLLEGE DISTRICT") and **Carroll Independent School District**, a Texas independent school district (referred to herein as "SCHOOL DISTRICT") evidences the following:

This Agreement shall be in effect for a period of one (1) year beginning as of June 2, 2025, and ending on June 30, 2026. Sixty days before the end of the term, SCHOOL DISTRICT may renew this Agreement for a subsequent three-(3) year term upon approval of the COLLEGE DISTRICT (SCHOOL DISTRICT and COLLEGE DISTRICT are sometimes referred to herein as "Party" or collectively as "Parties").

PURPOSE

The purpose of this Agreement is to provide students the opportunity to earn both college and high school credit while enrolled in high school (public, private, charter, or home school). The COLLEGE DISTRICT and SCHOOL DISTRICT will approve students meeting program requirements to enroll in courses referenced in this Agreement. Course credit will be awarded through the SCHOOL DISTRICT for high school academic requirements and awarded through the COLLEGE DISTRICT for semester credit hours leading to a post- secondary degree or certificate.

DUAL CREDIT STATEWIDE GOALS

HB 1638 (85th Legislature, Regular Session), as codified in Texas Education Code, Section 28.009 (b-1) and (b-2), requires the Texas Higher Education Coordinating Board and the Texas Education A to collaboratively develop statewide goals for dual credit programs in Texas. These goals provide guidance to institutions of higher education and independent school districts on components that must be in place to ensure quality dual credit programs are provided to Texas high school students. These statewide goals address enrollment in and acceleration through postsecondary education, performance in college-level coursework, and strong academic advising.

COLLEGE DISTRICT will work in collaboration with SCHOOL DISTRICT to plan and offer outreach efforts including sessions for students and parents that provides information on the benefits, costs, funding, and enrollment policies of dual credit.

The dual credit program will assist high school students in the successful transition to and acceleration through postsecondary education. Students will follow the course offerings established by the COLLEGE DISTRICT'S course crosswalk and be informed on the time to degree completion.

COLLEGE DISTRICT will work in collaboration with SCHOOL DISTRICT to provide all students participating in the dual credit program academic and college readiness advising with access to the

COLLEGE DISTRICT'S student support services to support students with college course completion.

Dual credit students' performance will meet or exceed the level of quality and rigor on subsequent courses by participating in the dual credit program. Dual credit courses will maintain the COLLEGE DISTRICT'S standards in compliance with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and the Texas Higher Education Coordinating Board (THECB).

TEXAS HOUSE BILL 8 (HB8)

Texas community colleges will now receive state funding primarily through an outcomes-based model that is aligned with state higher education goals in *Building a Talent Strong Texas* and regional and state workforce needs. HB 8 establishes a new funding model through which colleges receive a majority of their state funding through a formula based on measurable, student-focused outcomes and data. By focusing on outcomes, this system rewards colleges for equipping more Texans with the knowledge, skills, and experiences they need to enter the labor market and maintain our state's economic competitiveness.

This funding is calculated based on the number of credentials the college awards, with an emphasis on credentials for high-demand occupations; the number of students who earn at least 15 credit hours and transfer to (or are co-enrolled in) a four-year public university; and the number of high school students who earn at least 15 credit hours through academic and workforce dual credit programs.

HB8 also provided for the implementation of the Financial Aid for Swift Transfer (FAST) program. FAST is an optional program available to public institutions of higher education, as defined under [TEC, Section 61.003\(8\)](#). By statute, the FAST program requires that eligible students at participating institutions incur no cost for their dual credit coursework. An eligible student will not pay tuition and fees for an eligible dual credit course. Books, supplies, and other course materials must also be provided at no cost to an eligible student. Students are "eligible students" under the FAST program if they:

1. Are enrolled in an eligible dual credit course at a public school district or charter school (i.e., eligible for Foundation School Program funding); and
2. Are taking a course offered through an institutional agreement, as outlined in [Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapter D, Section 4.84](#), from an institution of higher education that has opted to participate in FAST; and
3. Were qualified for free/reduced-price lunch in any of the four school years prior to the academic year in which they enroll in the dual credit course.

Participating institutions may charge dual credit students who are not FAST-eligible other costs, such as tuition, fees, books, or supplies. However, FAST-eligible students may not incur these charges. Participating institutions may not charge a per-credit tuition rate more than the state-approved FAST tuition rate to any student who is not FAST-eligible but is attending high school in a Texas school district or charter school for any eligible dual credit course offered by an agreement with the participating institution. Participating institutions are not prevented from entering into contracts for other course charges, such as fees, books, supplies, or professional development, to be paid for by school districts or charter schools.

DUAL CREDIT TUITION WAIVER

Effective Fall 2023, the COLLEGE DISTRICT shall waive tuition for all dual credit/enrollment students. This waiver will apply to all dual credit/enrollment students including early college high school, concurrent enrollment, private, and home school students, and will waive the tuition for all approved dual credit courses offered via this Agreement in partnership with the COLLEGE DISTRICT. GUIDELINES FOR DUAL CREDIT PARTNERSHIPS

TARRANT COUNTY COLLEGE

Guidelines for Dual Credit Partnerships

January 2019 (Revised January 2025)

The following program guidelines are in accordance with the Texas Higher Education Coordinating Board (THECB) rules and regulations [Chapter 4; Subchapter D](#) of Texas Administrative Code (TAC). Tarrant County College (TCC) adheres to these guidelines when partnering with a school district whether public, private, charter, or home school for the delivery of a dual credit program. In the event that THECB rules change during an agreement's time period, the THECB new rules will always take precedence. It is the responsibility of the partnering institutions to review, exercise, and monitor program guidelines on a consistent basis.

These guidelines address course credit where instruction is provided to high school students for the awarding of both high school academic requirements and college semester credit hours leading to a certificate, degree or the core curriculum. They also address remedial coursework and the Texas Success Initiative (TSI) assessment.

An agreement must be approved by the governing boards or designated authorities of both TCC and the school district (public, private, charter, or home school) prior to the offering of courses. Such agreement will address the following considerations:

A. Student Eligibility

- (1) A high school student is eligible to enroll in dual credit courses at TCC if he or she:
 - (a) Demonstrates college readiness by achieving the minimum passing standards under the provisions of the Texas Success Initiative (TSI) and Adult Basic Education (ABE) standards on relevant section(s) of an assessment instrument approved by the Board as set forth in ([Chapter 4; Subchapter C; Rule 4.57](#) TAC).
 - (b) Demonstrates that he/she is exempt under the provisions of the Texas Success Initiative ([Chapter 4; Subchapter C; Rule 4.54](#) TAC).
 - (c) Meets all the college's regular prerequisite requirements designated for that course (e.g., minimum score on a specified placement test, minimum grade in a specified previous course, etc.). Some TCC course prerequisites could require a higher cut score than those outlined by the THECB TSI state minimum requirements.
- (2) A high school student is eligible to enroll in **workforce education dual credit** courses contained in a **Level 1** certificate program, or a program leading to a credential of less than a Level 1 certificate, at a public junior college or public technical institute and shall not be required to provide demonstration of college readiness or dual credit enrollment eligibility.
- (3) A high school student is eligible to enroll in **workforce education dual credit** courses contained in a **Level 2** certificate or **applied associate degree** program under the same eligibility conditions as academic dual credit courses.
- (4) Students who are enrolled in private or non-accredited secondary schools or who are home-schooled must satisfy paragraphs (1) - (3) of this subsection.
- (5) It is recommended high school students may enroll in a maximum of 15 credit hours per semester in fall and spring courses that apply to a certificate, degree, or the core curriculum with approval from the high school and college. Exceptions to this requirement for students with demonstrated outstanding academic performance and capability (as evidenced by grade-point average, ACT or

SAT scores, or other assessment indicators) may be approved by the principal or designee of the high school and the Vice President for Academic Affairs of the TCC Campus. **It is recommended that students in their first semester of dual credit enroll in a maximum of two courses.**

(6) Students must follow the TCC catalog “Academic Standing” policy (see TCC college catalog).

(7) TCC may impose additional requirements for enrollment in courses for dual credit that do not conflict with this section.

(8) TCC is not required, under the provisions of this section, to offer dual credit courses for high school students.

B. Eligible Courses

(1) Courses offered for credit where instruction is provided to high school students for the awarding of both high school academic requirements and college semester credit hours apply to the core curriculum, career and technology education courses toward a TCC career and technology Certificate or Associate of Applied Science degree, a foreign language, or a course that satisfies specific degree plan requirements leading to the completion of a TCCD Associate of Arts, Associate of Science, Associate of Applied Science Field of Study or Program of Study.

(2) Courses offered for dual credit by TCC must be identified as college-level academic courses in the current edition of the Lower Division Academic Course Guide Manual (ACGM) adopted by the Board, or as college-level workforce education courses in the current edition of the Workforce Education Course Manual (WECM) adopted by the Board.

(3) Courses offered for dual credit by TCC must be in the approved undergraduate course inventory of the college.

(4) In accordance with the THECB rules, TCC does not offer remedial and developmental courses for dual credit.

C. Location of Class

(1) Dual credit courses may be taught on the college campus or the high school campus. Dual credit courses taught exclusively to high school students on the high school campus and for dual credit courses taught electronically, TCC shall comply with applicable rules and procedures for offering courses at a distance as set forth in (Chapter 4; Subchapters P and Q; Rules 4.255-4.279 TAC) (relating to Approval of Distance Education Courses and Programs for Public Institutions and Approval of Off-Campus and Self-Supporting Courses and Programs for Public Institutions). In addition, dual credit courses taught electronically shall comply with the THECB's adopted Principles of Good Practice for Courses Offered Electronically.

(2) For classes taught at the high school locations, the SCHOOL DISTRICT must provide a collegiate environment for classes which includes adequate classroom facilities and technology; and ensures no disruption of college classes for announcements, pep rallies, etc., or removal of students from class to participate in high school related activities.

(3) TCC will meet Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) requirements for offering dual credit courses taught at the high school campus and all off-site locations. (Substantive Change for SACSCOC Accredited Institutions)

D. Composition of Class

(1) Dual credit courses may be composed of dual credit students only or dual and college credit students. Exceptions for a mixed class, which would also include high school credit only students, may be allowed only under one of the following conditions:

(a) If the course involved is required for completion under the State Board of Education Foundation or Foundation with Endorsements High School Program graduation requirements, and the high school involved is otherwise unable to offer such a course.

(b) If the high school credit-only students are College Board Advanced Placement (AP) students.

(c) If the course is a career and technology/college workforce education course and the high school credit-only students are earning articulated college credit.

E. Faculty Selection, Supervision, and Evaluation

(1) TCC shall select instructors of dual credit courses. All instructors must meet the same standards (including minimal requirements of the Southern Association of Colleges and Schools) and approval procedures used by the college. SCHOOL DISTRICT may recommend candidates for consideration as dual enrollment instructors.

(2) TCC shall supervise and evaluate instructors of dual credit courses.

F. Course Curriculum, Instruction, and Grading

(1) TCC shall ensure that a dual credit course and the corresponding course offered at the main campus of the college are equivalent with respect to the curriculum, materials, instruction, and method/rigor of student evaluation. These standards must be upheld regardless of the student composition of the class.

G. Academic Policies and Student Support Services

(1) Regular academic policies apply to dual credit courses. These policies include but are not limited to the appeal process for disputed grades, drop policy, the communication of grading policy to students, when the syllabus must be distributed, etc.

(2) Students in dual credit courses have access to student support services. TCC is responsible for ensuring timely and efficient access to such services (e.g., academic advising and counseling), to learning materials (e.g., library resources), and to other benefits for which the student may be eligible.

(3) Dual credit students must abide by all TCC policies and procedures as outlined in the current [Academic Catalog](#) and [Student Handbook](#).

(4) In compliance with the Americans with Disabilities Act (ADA) of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, Student Accessibility Resources (SAR) provides equal access to College programs, services and activities for qualified students with disabilities. Requests for accommodations/equal access are reviewed on a case-by-case basis and are

determined based on the functional limitations caused by the disability and the supporting documentation provided.

(a) Otherwise qualified high school students enrolled in the dual credit program are eligible for services on the same basis as all other students. Documentation submitted must meet the college criteria whether the class is held on a TCC campus or at a high school site. Faculty must not extend accommodations until authorized by the College. The TCC SAR representative will authorize appropriate accommodations.

(b) Students and their parents should be aware that the needs of students with disabilities are covered under the Family Educational Rights and Privacy Act (FERPA) and the ADA at the college level. The laws pertaining to section 504 of the Rehabilitation Act of 1973 at the K-12 level do not apply. Matters related to the provision of accommodations under ADA should be discussed with a TCC SAR representative.

H. Transcribing of Credit

(1) For dual credit courses, high school as well as college credit should be transcribed immediately upon a student's completion of the performance required in the course.

I. Funding

(1) The state funding for dual credit courses will be available to both public school districts and colleges based on the current funding rules of the State Board of Education and the Board.

(2) The college may claim funding for students receiving college credit for eligible dual credit courses as defined in [Title 19; Part 1; Chapter 4; Subchapter D; Rule 4.85 of the Texas Administrative Code](#) (TAC)

(3) This provision does not apply to students enrolled in approved early college high school programs.

(4) All public colleges, universities, and health-related institutions may waive all or part of tuition and fees for a Texas high school student enrolled in a course for which the student may receive dual course credit. Effective Fall 2023, Tarrant County College shall waive tuition for all dual credit/enrollment students. For additional information, please see "Dual Credit Tuition Waiver" section of the Agreement.

**Attachment C:
TCC PLUS AND FEES**

TCC Plus and Fees

Effective Fall 2023, Tarrant County College shall waive tuition for all dual credit/enrollment students. However, non-FAST eligible students may incur costs that include [TCC Plus \(digital course materials\)](#), [course supplies](#), or any other charge applied at the time of registration.

When applicable, TCC Plus charges are included as an additional line item on the student's invoice. The student has the option to opt-out of receiving the digital materials through the course census date (official day of record). The non-FAST eligible student, SCHOOL DISTRICT, or Third Party Payer understands that opting out of receiving the materials will remove the additional line item from the total costs AND access to the digital learning materials. The non-FAST eligible student, SCHOOL DISTRICT, or Third Party Payer further understands that any unpaid TCC Plus charges will result in restrictions on future registration activity and transcript issuance. Furthermore, the TCC Plus charge will be applied every time the student enrolls in a course that includes TCC Plus materials, even if the student did not successfully complete the course in prior attempts. The additional course charge for TCC Plus, will be the responsibility of the non-FAST eligible student, SCHOOL DISTRICT, or Third Party Payer, even though the student receives a waiver for the cost of tuition.

The student, SCHOOL DISTRICT, or Third Party Payer understands that any outstanding balances on a student's account (TCC Plus charges, parking fines, library fines, etc.) may result in a registration restriction being placed on the student's account.
