Changes to the Furniture Standards can only be submitted by an Employee of TCCD. Changes to the Furniture Standards are issued on a semi-annual basis as an Addendum. Design Teams and Construction Teams are required to comply with the Furniture Standards and all Addenda issued prior to the date of contract, except for Changes identified as Critical Inclusions. Compliance with a Critical Inclusion is required for all projects currently in progress. Instances where compliance with a Critical Inclusion creates an undue burden on the Design Team and/or Construction Team shall be considered for additional services. The requestor is required to include cut sheets for the recommended variance.
