Equal Employment Opportunity

Non-Discrimination and Equal Opportunity Statement

Tarrant County College is committed to providing a workplace free from discrimination in all terms and conditions of employment, including the application process. Discrimination based on race, color, religion, sex, age, national origin, physical or mental disability, sexual orientation, or veteran status is strictly prohibited. The College upholds Equal Employment Opportunity in accordance with Title VII of the Civil Rights Act of 1964 (as amended), Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1967 (as amended), the Vietnam Era Veteran's Readjustment Act of 1974, and the Americans with Disabilities Act of 1990. We are dedicated to ensuring equal opportunity for all qualified individuals and actively promote this commitment through ongoing, positive initiatives in every department and work unit.

Disclaimer Regarding the Annual Compensation Plan

This Annual Compensation Plan does not constitute a contract or create any contractual rights or obligations regarding employment. No employee or representative of the College, other than the Chancellor and only through a separate written agreement, is authorized to make any contrary commitments. Tarrant County College reserves the right to amend or modify the contents of this plan at any time, without prior notice to employees.

The compensation structure reflects the FY2025-2026 budget as adopted at this point in time. The Chancellor maintains the authority, throughout the year, to modify, add, remove, or consolidate parts of the salary structure, pay grades, and salary ranges as needed to effectively manage the College's workforce. As part of the ongoing cadence of market analyses, job titles may also be administratively reassigned as the pay grade structure is updated and enhanced to meet evolving institutional needs.

Relevant Personnel Policies

All relevant hiring and compensation policies and regulations can be found at:
https://pol.tasb.org/PolicyOnline?key=1097

Annual Compensation Plan

The College maintains a market-based compensation program that aligns with Tarrant County College's mission, vision, and core values.

In support of our mission to provide accessible, high-quality educational experiences that drive lasting impact—and our vision to be the leader in academic excellence, student success, and economic impact—the salary structure is designed to attract, retain, and reward a highly skilled and values-driven workforce.

This philosophy is grounded in our five core values, which guide all decisions related to our Annual Compensation Plan. We promote competitive compensation practices that support career mobility and professional growth through a flexible salary structure. By leveraging market data and modern compensation strategies, we maintain a transparent, accountable, and future-focused framework that advances professional growth and exceptional service The College's five core values can be found here: https://www.tccd.edu/about/mission-and-vision/

The salary structure is developed using survey data obtained through market benchmarking and is intentionally designed to combine flexibility with internal consistency that allows:
- Requires less frequent maintenance and reevaluation due to built-in flexibility
- Supports greater cross-functional mobility
- Allows the College to balance pay considerations for both the position and the individual, rather than relying on a rigid control point

The College is committed to conducting a comprehensive market assessment every three (3) years to ensure the structure remains competitive and aligned with institutional mission, vision, values, and strategic priorities.

The staff salary structure consists of fourteen (14) pay grades representing a continuum of salaries informed by market rates for a broad range of positions. Job titles with reliable market data are assigned to the pay grade whose midpoint most closely aligns with prevailing market compensation. Positions without direct market data are placed into appropriate pay grades by comparing them to similar roles within the College. All pay grade placements are reviewed to ensure internal consistency across departments and divisions.

Similarly, Faculty and Police compensation structures are also maintained using defined pay grades and salary ranges, ensuring alignment with the College's commitment to institutional integrity.

Employment Procedure Updates

This document and the procedures outlined within apply solely to salary calculations at the time of hire and to job changes resulting from authorized modifications throughout the year that result in position revisions or restructures. They are not intended to address salary concerns outside of these two processes.

Additional Compensation for Educational Credentials

The College is discontinuing the practice of awarding additional compensation to new hires for educational credentials that exceed the minimum qualifications required for the position.

Changes to Job Responsibilities

Departments seeking to change job responsibilities within their areas must submit proposed modifications to the Office of Human Resources for review before adding or removing duties. Human Resources will evaluate the requested changes, and if significant adjustments to the role's organizational impact, complexity and problem-solving, level of independence, supervisory responsibilities, or required education and experience are identified, the Position Revision/Restructure Request (PRR) process may be required. This process includes a reassessment of the job duties, rate of pay, and assigned pay grade.

When changes result in a promotion or a significant increase in job duties, and a higher grade is warranted, a salary increase may be appropriate. Any such increase will be determined based on internal consistency, market alignment, and the scope of the revised responsibilities.

Voluntary demotions and involuntary restructures to a lower grade will include a review for internal consistency and may result in a reduced salary, consistent with the expectations of the new duties and salary grade.

Recruitment and Retention Payment

When the College identifies positions that are considered hard to fill and designates them as eligible for a Recruitment and Retention Payment in addition to regular compensation, selected full-time positions will receive this payment in the final payment at the end of the academic year, provided the employee has completed the entire year. These payments will continue as long as the position remains hard to fill or is included in the annual compensation plan. The Chancellor reserves the right to discontinue these payments when the positions are no longer hard to fill. This year, full-time faculty and administrators in the health sciences divisions meet the criteria.

Salaries Above Grade Maximums

The College is discontinuing the practice of awarding across-the-board base salary increases for employees whose salaries are at or above the maximum of their assigned pay grade. Eligible employees who are not receiving a base salary increase will be evaluated for a one-time payment, consistent with any annual Board-approved adjustments. As pay grades are updated to reflect market changes over time, salaries that were once above the maximum may fall back within the range. The College remains committed to completing a comprehensive market assessment every three (3) years.

Adjunct Credit Faculty
Full-Time Faculty Overload and Summer Faculty Salary Structure

The flat rate encompasses all standard faculty responsibilities, including course preparation, instruction, student support hours, and required professional development. This applies to both undergraduate and cross-listed non-undergraduate (developmental) courses. For non-credit instruction and non-instructional assignments, compensation will continue to be determined according to the individual faculty pay rates outlined in the table below.

Classification Code 28 Degree or equivalent*	Degree Code	Salary Per Contact Hour
Master's degree[1]	30	$51.15
Master's degree[1] plus certification	40	$52.35
Master's degree plus 24 approved semester hours[2]	50	$52.95
Master's degree plus 24 approved semester hours[2] plus certification	60	$53.60
Master's degree plus 48 approved semester hours[3]	70	$54.20
Master's degree plus 48 approved semester hours[3] plus certification	80	$54.80
Doctorate degree[4]	90	$55.45

*For Technical Programs only: equivalent experience as listed below may be considered in lieu of education
[1] 7 ½ years of directly related industry experience
[2] 9 years of directly related industry experience
[3] 12 years of directly related industry experience
[4] 15 years of directly related industry experience

All credit course minimum salaries start at the "master's degree or equivalent" salary for full-time and adjunct faculty. If the degree requirement is not met, but technical/vocational certification is required and met, the faculty member may be approved. If certification is not required, the degree requirement must be met.

All full-time faculty will be paid at the minimum rate unless their degree and certification are in the same field as they are teaching.

Salary per contact hour is set at initial hire and will not increase due to changes in education or experience during tenure.

Transcripts submitted for credentialing during the hiring process will be considered for initial placement purposes.

Adjunct Lifestyle and Community Learning Faculty (Non-Credit) Salary Structure

Lifestyle and Community Learning - Classification Code 29A Degree or equivalent	Degree Code	Salary Per Contact Hour
Associate's degree	5	$20.90
Bachelor's degree	10	$23.55
Master's degree	30	$24.80
Master's degree plus 24 approved semester hours	50	$26.15
Doctorate degree	90	$28.80

Technical/Workforce - Classification Code 29C Degree or equivalent*	Degree Code	Salary Per Contact Hour
Associate's degree[1]	5	$29.00
Bachelor's degree[2]	10	$32.65
Master's degree[3]	30	$34.50
Master's degree plus 24 approved semester hours[4]	50	$36.30
Doctorate degree[5]	90	$39.95

Adult Basic Education - Classification Code 29C Degree or equivalent	Degree Code	Salary Per Contact Hour
Associate's degree	5	$29.00
Bachelor's degree	10	$32.65
Master's degree	30	$34.50
Master's degree plus 24 approved semester hours	50	$36.30
Doctorate degree	90	$39.95

* For Technical/Workforce Programs only: directly related equivalent experience as listed below may be considered in lieu of education

[1] 3 years of directly related industry experience
[2] 6 years of directly related industry experience
[3] 9 years of directly related industry experience
[4] 12 years of directly related industry experience
[5] 15 years of directly related industry experience

Payment will be made at the minimum rate per hour unless the degree and/or certification is in the same field as the course being taught. EXAMPLE: An adjunct instructor with a master's in English plus forty-eight (48) hours in literature will be paid the minimum rate for teaching a non-credit art class.

Other Considerations When Calculating Salary

A. Add $0.50 per hour for state or professional licensure or certification: or state board exam approval or organizational/school certification directly related to course of study (maximum of $1.50)
B. Add $1.00 per hour for state certification as a teacher or three (3) years' experience as a full-time instructor of adults
C. Add $1.00 per hour for teaching a course funded by the Texas Higher Education Coordinating Board
D. In any case, the minimum starting salary for teaching a state-funded course will be $17.50 per hour
E. Add 50% to the Technical/Workforce hourly rate as premium pay for instructors teaching courses in medical fields

Full-Time Lifestyle and Community Learning Instructor and Instructor/Counselor Salary Structure
(12-Month)
Exempt

Classification Code 16 Years of Experience	No Degree	Associate*	Bachelor*	Master*	Doctorate*
