

# Fiscal Year 2022 Audit Plan

Prepared by  
Tarrant County College District Internal Audit Department

**Approved by the Finance & Audit Committee on October 18, 2021**

## Overview

The annual audit plan is a guide developed for the utilization of the internal audit resources during the fiscal year to address the risks of Tarrant County College District (TCCD). Audits and reviews of selected areas included in the annual audit plan are areas that represent risk to TCCD based on the district-wide annual risk assessment performed by Internal Audit as part of the annual audit planning process.

The audit plan is a document that may change during the fiscal year as circumstances change. Requests from management, changes in audit resources, and changes in TCCD's organization or operations may result in changes to the audit plan.<sup>1</sup> Any significant changes to the audit plan would require approval from TCCD Finance and Audit Committee.

## Development of the Audit Plan

The Fiscal Year 2022 audit plan covers the period of September 1, 2021, through August 31, 2022. The Internal Audit Department allocates its resources in a manner that is consistent with the mission and goals of TCCD. To support TCCD's mission, audit coverage is considered across the district. The audit plan is designed to provide coverage of key business processes during the given fiscal year.<sup>2</sup>

Internal Audit considered and weighted (high, medium, and low) the following risk factors to assess risk on each business area at TCCD:

- Potential for impact on district-wide operations
- Probability of significant errors, fraud, noncompliance, and other exposures
- Changes in systems, processes, policies, or procedures
- Complexity of operations
- Information technology
- Results and time since last engagement (review/audit)
- Extent of state and federal government regulations
- Concerns based on discussions with Board of Trustees Finance and Audit Committee Members and Management
- Volume of Transactions
- Employee Turnover

Internal Audit is required by the Professional Practice of Internal Auditing and Generally Accepted Government Auditing Standards to conduct certain activities on an annual and/or periodic basis, such as an internal quality control assessment and an annual audit report.<sup>3</sup>

---

<sup>1</sup> Management includes the Finance and Audit Committee members, Chancellor, and administration team.

<sup>2</sup> Business processes includes finance, human resources, real estate, communications and external affairs, academic affairs, student success, risk management, general counsel, and institutional intelligence and technology.

<sup>3</sup> The internal quality control assessment assesses the efficiency and effectiveness of the internal audit activity and identifies opportunities for improvement. The purpose of the internal audit annual report is to provide information on the assurance services, consulting services, and other activities of the internal audit function.
